The Statistical Institute of Belize (S.I.B.) is conducting a Living Standards Measurement Survey for four weeks starting Sunday, April 5, 2009.

Trained interviewers will be visiting randomly selected households countrywide, and the public is asked to cooperate with these interviewers by providing the information being collected under the Statistical Institute of Belize Act No. 9 of 2006. All interviewers are working under an oath of secrecy and all information collected will be held as strictly confidential. Each interviewer will carry an official photo identification card when conducting interviews.

S.I.B. thanks all persons in advance for their cooperation and continued support. You can find more information about this survey by visiting our headquarters in Belmopan, or any of our district offices. You can also visit our website www.statisticsbelize.org.bz or call us on 822-2207.

The Statistical Institute of Belize is committed to provide, with the highest degree of integrity and with strict adherence to professional standards, accurate, reliable and timely statistical information to facilitate effective policy and decision-making.
